EUNIJOY F. CED

Blk 8 lot 5 Uswag Village Urban Balatas Naga City, Camarines Sur, Philippines

Contact Number: 09319756062

Email: euniufced@gmail.com

Portfolio: https://eunijoy.github.io/

I thrive in collaborative environments where creative problem-solving, clear communication, and system optimization drive meaningful impact. My goal is to contribute to innovative teams building tools that empower users and elevate digital experiences.

Work Experience

Village 88 Fullstack development bootcamp

January to April 2022 - La Union | Online
Contact Person - Karen Igcasan

Gained hands-on experience in frontend and backend development using HTML, CSS, JavaScript, PHP, and MySQL. Built dynamic web applications and practiced version control with GitHub, while collaborating on capstone projects that simulated real-world team environments. Strengthened problem-solving, debugging, and deployment skills through weekly code reviews and peer learning.

Freelance - Fullstack Web developer

2022 to present, Philippines | WFH (Local and international)

Delivered end-to-end web solutions for various freelance clients using fullstack technologies including PHP, JavaScript, Java and MySQL. Designed interactive UIs, implemented backend logic, and managed deployment and hosting tasks. Maintained version control via GitHub and adapted to project-specific tech stacks and client needs.

Brylliant Solution - Webflow Developer

2022 -Remote (Davao)
Contact Person - Jemuel Lupo

Assisted in building and customizing websites within the Webflow platform. Translated wireframes into responsive layouts, integrating animations and user interactions. Strengthened CSS styling skills and gained exposure to no-code development workflows while receiving mentorship in UI/UX strategy.

Customer Acquisition System / Wordpress Developer

2023-2024- Remote (Miami Florida)
Contact Person - Albert Rodriguez

Development and optimization of WordPress websites using Elementor and Gutenberg. Implemented responsive layouts, plugin configurations, and SEO-friendly structures to support digital campaigns and enhance user experience. Proactively resolved UI/UX issues, maintained site performance, and collaborated with stakeholders to ensure smooth navigation and strategic content placement across pages.

Digital Business Club/ Wordpress Developer

Contractual- Remote (Germany)

Contact Person - Aruna Sree

Developed and maintained WordPress sites using Gutenberg blocks, ensuring consistent branding and dynamic page structures. Partnered with clients to translate abstract ideas into structured layouts and interactive components. Delivered theme customizations, media optimization, and design alignment with a focus on clarity, emotional resonance, and user accessibility.

Education

Logicz Computer Training Center/ ICT

Year 2022, Dayangdang Naga City

Completed foundational ICT training focused on computer hardware, software applications, and basic web development principles. Gained practical exposure to technical troubleshooting, data encoding, and digital productivity tools used in IT workflows

NCII CSS / TESDA

April 2022 - October 2022, Dayangdang Naga City

Earned a National Certificate Level II in CSS under TESDA, equipping me with hands-on skills in system maintenance, diagnostics, and networking essentials. The program reinforced technical precision, operational safety, and client-side support techniques essential for real-world tech environments.
